QSL INFO -

Jean-Michel, F6AJA, reports that after a very long delay, the CE0Z cards have just arrived. Except for some requests without SAE and some with multiple QSLs, ALL requests (QSL via F6AJA for Europe) have been mailed on 21 June. He is still waiting for the CE9/F2JD cards... be patient! [Tnx F6AJA]

The CE0Z QSL cards have been printed AND are in the USA, and enroute to me at this moment. We have pre-processed the log so the cards will start to go out "steadily" once they arrive here. I don't expect that to happen for another couple of weeks. So, please be patient everyone! Since we have more cards to deal with, we will not be quite as quick as Jean-Michel! (good job J-M) [Tnx N2OO]
